PDF / doc

Read 3 pages

Check your notes

Step 2 of 3

I read **3 pages** of Science. Tick each part that matches. Mom gets a ping to double-check before scored games.

Topics found

Photosynthesis | Chlorophyll | Light stage | Calvin cycle

PAGE 1 — Checked

Plants make their own food using sunlight, water and carbon dioxide. This is called photosynthesis.

☑ Matches my notes

PAGE 2 · FORMULA — Blurry

6CO? + 6H?O → C?H??O? + 6O? — some numbers were too blurry to read.

Retake photo | Type it in

☑ Matches my notes

PAGE 3 — Checked

Photosynthesis happens in the chloroplasts. Chlorophyll absorbs the light energy.
